New bus stops will not be created, nor will bus routes be altered to satisfy individual needs.

Email this form to greg.campbell@wbsd.org or hand deliver to the Transportation Department at 3340 Orchard Lake Road (next to Abbott Middle School). Students will be assigned a seat on the bus based on order received and space availability. You will be notified by e-mail or phone call as to your status and route information once the form is processed. If you have questions, please contact the Transportation Department at (248) 865-3680.

Please consult the West Bloomfield School District website (www.wbsd.org – Department link to Transportation) for additional information regarding student behavior, the Transportation Handbook and instructions for the Remind app that we use to notify parents of late buses.

All elementary shuttle locations are now utilizing a sign system to assist with the dismissal of children in the afternoons. Each adult needs to be standing at the drop off area with a sign indicating the names of the children they are receiving. This can be a simple sheet of paper with the names printed legibly for our drivers to see. If you do not have a sign on any given day, your child will be the last to be delivered from the bus, allowing those with signage to receive their children first. We expect this process to create a safer environment for the children in the parking lot and an easier way to match up the students with their families.
