

West Bloomfield High School Annual Education Report (AER) Cover Letter

February 18th, 2025:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress for West Bloomfield High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Eric Pace, West Bloomfield High School Principal, for assistance.

The AER is available for you to review electronically by visiting the following website [LINK To West Bloomfield High School ANNUAL EDUCATION REPORT](#), or you may review a copy in the main office at our school.

For the 2024-2025 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2023-24. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Key challenges that we currently face at West Bloomfield High School include math proficiency scores that have stalled slightly below state averages, as measured by the PSAT/NMSQT. Additional areas for growth include student proficiency in Evidence-Based Reading and Writing, as measured by the PSAT/NMSQT. We are working diligently to address these challenges. For the first time, we tested all 11th grade students on the PSAT/NMSQT in the fall to provide a true testing experience and to gain meaningful data. We are also piloting a new math curriculum which includes targeted and individualized learning plans based on student data. We are strengthening tier one instruction through the implementation of Proficiency Scales and targeted professional learning for teachers. Finally, we are exploring using student proficiency data in conjunction with achievement data to provide targeted assistance for students outside of the school day.

State law requires that we also report additional information.

1. All students at West Bloomfield High School reside in the West Bloomfield School District or have enrolled in the district under the schools of choice program.
2. We are in the third year of our district's 5-year Strategic Plan, which includes priority objectives in the goal areas of Academics & Learning Environment so that we can reach several data-driven goals. These goals include: a 10% increase of the students that reach their growth goal in the 9th grade cohort from spring to spring on the NWEA Reading & Math MAP Assessments (or 70% of the students reaching their growth goal); a 10% increase of the students that are proficient on English & Math State Assessments in each grade level cohort; and a percentage of students proficient on the 11th grade SAT (Math and Evidence-Based Reading & Writing), 11th Grade Science M-Step, and 11th Grade Social Studies M-Step that is higher than the state average.
 1. In academics, our district goal is to provide engaging, meaningful, inclusive, and rigorous opportunities. It is supported by the following priority objectives:
 - i. We will use proficiency scales to guide planning, instruction, assessment, and student goal-setting so that each student will demonstrate academic growth.
 - ii. We will deliver data-driven, high quality tier one instruction for all students so that each student will demonstrate academic growth.
 - iii. We will use data from formative, summative, and benchmark assessments to differentiate instruction and to progress monitor so that each student will demonstrate academic growth.

- iv. We will implement district MTSS systems to target student needs so that identified students will demonstrate accelerated academic growth.
 2. Our learning environment goal is to provide a positive, safe, and inclusive environment where all students' diverse learning needs are met. It is supported by the following priority objectives:
 - i. We will create authentic relationships with all students so that each student demonstrates personal & academic growth.
 - ii. We will equitable instructional practices with all students so that each student demonstrates personal & academic growth.
 - iii. We will provide instruction & experiences that strengthen social, emotional, and behavioral skills so that each student demonstrates personal & academic growth.
 - iv. We will provide ongoing, engaging, consistent communication and engagement with all families about student progress so that each student demonstrates personal & academic growth.
 3. To access information regarding the curriculum taught at West Bloomfield High, you can contact the main office at West Bloomfield High School. West Bloomfield High School Professional Learning Communities have robust pacing guides in all subject areas based on the priority state standards, utilizing Proficiency Scales to ensure a guaranteed & viable curriculum in English Language Arts and other dynamic curricular resources.
 4. Aggregate student achievement results include the following:
 1. 11th grade SAT Evidence-Based Reading & Writing Proficiency
 - i. Spring 23: 49.6 % Proficient
 - ii. Spring 24: 59% Proficient
 2. 11th grade SAT Mathematics
 - i. Spring 23: 26.9% Proficient
 - ii. Spring 24: 32% Proficient
 3. 11th Grade Social Studies M-Step Proficiency
 - i. Spring 23: 30% Proficient
 - ii. Spring 24: 35.5% Proficient
 4. 11th Grade Science M-Step Proficiency
 - i. Spring 23: 22.2% Proficient
 - ii. Spring 24: 32.3% Proficient
 5. The percentage of families that attended parent teacher conferences were as follows:
 1. Fall 2023: 66%
 2. Fall 2024: 37%

The mission of the West Bloomfield School District is to support each student's needs by providing the opportunities, experiences, and educational tools for their journey. This mission—combined with our vision that all of our students will be empowered for their lives as Critical Thinkers, Communicators, Collaborators, and Contributors—drives our team to be our very best every single day. Our [five-year Strategic Plan](#) will guide everything that we do, and a data-driven, team-oriented approach will ensure that we are successful. We encourage parents to join us in our mission and connect with our administrative team if they are interested to do so.

Sincerely,

Eric Pace
Principal - West Bloomfield High School
